AIA Charlotte Honor Award, Unbuilt

Higher Education

- A 3-story, 52 FT horizontal cantilever projects out over the pedestrian walkway. Several structural engineering design awards were earned on this project.
- This facility houses student lounge, classrooms, and administrative areas.
- Unique exterior rain screen system, granite and composite veneer cladding and architectural features throughout the building.
- Organized in 2 “bars”, the building parallels the edge of the campus green and is conceptually the heart of the design scheme.
